## Summary

Now, I am a Mid-level Front-end Developer at Brave, while also studying for my degree in Software Engineering.

## Academic History

### Unicesumar University

Switched from Systems Analysis and Development to Software Engineering in 05/2023. Currently pursuing the degree.

## Main Skills and Competencies

- Development of animated and responsive websites
- UX and UI Design
- Web Front-end Development
- App Development
- Foundational knowledge in database and back-end development

## WORK EXPERIENCE:

### Brave.ag

#### Mid-level Front-end Developer

From 01/03/2023 current job

Hired by a different company as a Mid-level Front-end Developer, working on complex front-end development tasks.

### Brainny Smart Solution

#### Junior Developer

From 30/08/2021 to 28/02/2023

Promoted from Intern to Junior Developer after 6 months, taking on more advanced development tasks and contributing to different aspects of projects.

### Brainny Smart Solution

#### Intern

From 28/12/2020 to 29/08/2021

Started as an intern, focusing on front-end web and mobile development, and applying a variety of technologies in real-world projects.
